*Stylish. Comfortable. Sophisticated.*

Amenity Shoes began as a family business in Beaumont Village and recently grew into a second location in Nob Hill. Amenity is designer Liz Page's answer to the community's need for stylish and comfortable footwear, offering a quality selection of shoes from around the globe. The staff at Amenity works tirelessly to provide nothing but the best customer service in all of Portland.

*What are your most popular products or services?*

Shoes and accessories from NAOT, Keen, Born, Sofft, Pikolinos, Fidji, Marc Footwear, Tsubo, Fly London, La Canadienne, Smartwool, Latico, Queen Bee, and local jewelry designers.

*People may be surprised to know..*

Thought you couldn't walk a mile in a pair of heels? Our heels are so comfortable you can go dancing in them.

*What mistake have you made in your business that you will not repeat?*

I made some rookie mistakes the first season by ordering some questionable styles of shoes. I learned really fast that if I didn't love the shoes I bought, then my customers didn't really either.

*How do you spend your free time?*

I sing, dance, and listen to music. I also love interior design and watch a lot of Bravo and HGTV programs.

Liz Page
